## Center of Excellence

**Date: 02/02/2023**

Centers of Excellence will be set up to ensure continuous supply of quality trainers in each sector. Special training programmes would be developed for training of trainers meant for overseas employment, including language training in collaboration with the concerned country. This could include exchange programmes, industry visits and simulated training. ICT enabled training and certification program for the trainers to train them within comforts of their homes, wherever feasible would also be promoted. Moreover, appropriate training in the latest technological developments for upgrading the technical skill of trainers, as per the requirement of the present scenario by the industry will also be undertaken.

### **Objective:**

1. To enhance the employability of management students by providing them with specialized training in various technologies and domains.
2. To establish a Center of Excellence that will become a hub for research and innovation in the field of IT management.
3. To create a platform for industry and management students.
4. To equip students with the skills necessary to become successful entrepreneurs in the IT industry.

### **Functions of Centers of Excellence:**

The core functions of CoE should focus on areas like:

1. To conduct high Quality Training in specific sectors with special focus on emerging technologies.
2. To develop association between academia and industry for the benefit of the skill development sector.
3. To conduct Research and Development in related fields and disseminate the results of the R&D and other activities through filling of patents and transforming them into sustainable business proposals/solutions.
4. To upgrade the Centre's technical capacity, information architecture.
5. To support creative and innovative proposals in terms of functions and facilities.
6. To establish a sound new institutional base for executing the programmes/projects by strengthening the existing infrastructure.
7. To foster relations across countries, between governments, workers, chambers of commerce, academia, industry and other Industrial associations in establishing collaborations of various projects of Institute/Organizations.
8. To create network of nearby institutes for capacity building and mentoring support.

9. To preferably establish an Entrepreneurship cell.
10. For a CoE in the entrepreneurship education domain, to provide incubation / mentoring/ support to start-ups

**Brief summary of the event:**

The trend in modern professional education is shifting towards focusing on outcomes. The most crucial outcomes are centered on the employability of students and their inclination towards Employability components have become more intricate and diverse, with a specific skills that vary day by day. In response to this, the concept of a center of excellence at institutes has emerged to address the need for developing precise skill sets while maintaining a focus on general skill development. The Center of Excellence has a dual objective of skill development for current students in the short term and executive development for alumni in the long term. This will also create opportunities for Management Development Programs (MDPs) for the institute. As part of initiative towards setting up of Center of Excellence, SIBACA has collaborated and signed an MOU with companies like, TIE, Biscon Consultants, Pune, Passion IT.Com,Pune

**Glimpses and details of the event:**
