Subject: Inputs for Syllabus Revision of MBA Programme from Batch 2018-19 onwards

SIBACA has its stake holder's feedback policy and receives feedback from various stakeholders namely faculties, students, alumni, employers and parents.

The feedback has questions on curriculum and its effective implementation.

The following suggestions which are based on our stakeholder's feedback may please be considered while drafting the revised syllabus in the forthcoming years:

- 1) The faculty and the students of the institute suggested that there should be only Summer Internship Project for third semester and Dissertation should be removed from MBA Programme.
- 2) They also suggested that there should be four to six major specializations in the MBA Programme.
- 3) Our Alumni suggested to introduce a new course "Digital Business".

Our concerned faculty members would like to participate in the drafting workshop and give these inputs to BOS.

We hope these inputs given for curriculum enrichment will be of use to the committees constituted in the forthcoming workshop.

Looking for your response.

With regards

Director,
